Aflac Claims

Aflac is not a health insurance, it is a supplemental insurance policy.

**We DO NOT bill Aflac claims.

Your Local Agent

Your local agent will assist you with any questions about submitting a claim.

Utilizing your Benefits

Please let us know if you had an injury from an accident. We will document the injury in our chart so you can make a claim with Aflac.

1. Talk to your local agent or get the claim form online.
2. We will gladly fill out the form and hand it back to you so you can submit the claim.
3. Aflac pays for up to 6 visits per accident. Please make sure you are getting all the care you need for the injuries you sustained.

Paying for your Chiropractic Care

Aflac does not pay the doctors directly. Your supplemental policy pays you for the medical care you received. We require payment on the day services are rendered.

We are committed to getting you better

Accidental Injuries can affect your daily life in many ways. We are here to help you in your healing process. We will recommend the treatments that are necessary to get you well again. We appreciate and feel honored that you have asked us to help you through your healing process.
